

### **BRITE ("Braille Instant Translation and Editing")**

BRITE 是一個由香港失明人協進會自資開發、功能全面和實用的點字編輯轉譯程式，讓任何人都能簡單地做到一般文字與點字之間的雙向即時轉譯。

BRITE is a software that opened up by Hong Kong Blind Union. It is a multi-functional braille translation editing program which allows people to perform two-way instant translation between Braille and regular text.
